## PROVIDING SIMPLY BREATHTAKING MOBILE COFFEE

At exhibitions, conferences, corporate events or private parties, Ristretto's skilled baristas will serve up an unforgettable coffee experience from our range of mobile coffee bars.

Ristretto employs only the most highly skilled professional baristas to staff your event. Our baristas are specially trained to produce exceptional quality coffee at high volume, to guarantee that everyone at your event gets the best possible coffee experience.

Baristas come professionally attired in black collared shirts, black trousers and shoes. None of their clothing carries the Ristretto branding as we recognise our role at any event is to promote your brand, not ours.

### SMOOTHIE AND JUICE BARS

As well as great coffee, Ristretto can also provide a full service smoothie or fresh juice bar at your event. Smoothies are freshly prepared using fruit juice and a delicious combination of fresh and frozen fruit to produce healthy, nutritious drinks. We can also provide fresh orange juicers.

### EVENTS

Ristretto can enhance any outdoor or indoor event by offering exceptional quality coffee and tea.

Our vision of event coffee is a fully functioning espresso bar set up with the minimum of fuss.
